

PRESENTS THE

VIFESTE MAGIC & SCIENCE SUMMER SCHOOL

WHAT IS INCLUDED:

Science & Magic Training

A wide variety of lectures, workshops, training sessions and shows awaits you, including 1-2-1 sessions and team projects. Prepare for a mental explosion of ideas and concepts and a brilliant group of people to guide you through the experience.

All materials are provided, and you can start by being a layman and develop into a well-rounded science & magic inspired bright thinker!

Leisure Events & Activities

The best way to stimulate the brain is by triggering the body and the soul, so we have designed a series of fun activities and interactive performances to immerse yourself in the atmosphere of this unique camp.

The event will conclude with a party and an award ceremony, during which successful participants will receive the certificate.

Lodging & Wellbeing

We have taken care of everything, so you can enjoy the camp to the maximum! The package includes lodging and food, as well as refreshments during the day. We have also a strong health and safety protocol to ensure everyone's wellbeing and a platform to update parents on the magic we share together.

INFO:

MAGIC AND SCIENCE MEET IN AN IMMERSIVE SUMMER EXPERIENCE
COMBINING 6000 YEARS OF MAGICAL ILLUSIONS
AND THE LATEST SCIENTIFIC RESEARCH

1-3 JUNE 2019

MAGIC & SCIENCE SUMMER CAMP

THINK LIKE A SCIENTIST - AMAZE LIKE A MAGICIAN

Awe inspiring lectures shows, workshops and events to captivate and inspire students into magical journeys in sciences. This unique Magic and Science camp features renowned researchers and scientists of the Academy of Magic & Science, from the world leading University of Cambridge and world class illusionists that have performed in the biggest arenas. The finest of science and the most interesting of research in a fun packed immersive experience!

WHAT YOU WILL LEARN:

Indulge in the Secrets of Magic

- ◊ Transform love in magic into real skills;
- ◊ The art of story telling in the misdirection of senses;
- ◊ Create unforgettable experiences of wonder;
- ◊ Be part of performances led by world class artists.

Explore Sciences

- ◊ Get inspired by top scientists;
- ◊ Discover the most fascinating principles and theories that no text book includes;
- ◊ Join a magical STEM training with inserts from psychology and behavioural sciences;
- ◊ Allow the mind to engage in more thinking systems by learning in a stimulating holiday environment;
- ◊ Become the scientist, the thinker, the creator, the maker.

Build Transferable Skills

- ◊ Practice presentation skills;
- ◊ Learn communication tactics;
- ◊ Understand persuasion strategies;
- ◊ Work in teams to create innovative solutions.

	MORNING	AFTERNOON	EVENING
DAY 1 Immerse in the magic of sciences	Welcome & Crash course Laws and Impossibility How we perceive, explain and interpret behaviours of nature, of humans, of self. Invisibility cloaks, game theory and 4 dimensional worlds. The finest of science	Lecture show History Changers The creative giants that shaped the world we live in. How art inspired scientific development and secret insights into the magical sides of those that feature in textbooks and beyond! The most magical of scientists	Show The Intelligence Magic show challenging the multiple human intelligences based on the theory of Dr Gardner, Harvard 1983 or the magic above and beyond IQ. The real magic of our brains
DAY 2 Transform learning into skills	Workshop Brain Hacking How to trick human perception, become a master persuader and take clear decisions. Case study analysis	Roundtable challenge Charming skills Building transferable skills in presentation, negotiation and communication. Best theories in practice	Competition Prediction game Working in teams to battle the challenges for the treasure hunt of identifying trends with prizes for the winning teams. Real life impact
DAY 3 Create and Innovate	Training Problem solving Explore world problems and break them down to inspire big ideas to solve them. From concept to technique	Lecture show Creative thinking Brain training over themed activities to reach the full potential of the power of our minds. From technique to perfection	Show & Award Ceremony The Sense Interactive stage show illustrating 21 human senses and misdirecting them all. Unleashing potential
